

Sponsored by the Grand Canyon State Electric Cooperative Association

If you are involved in designing, building or maintaining a safe electrical system for your utility, you need to attend!

National Electrical Safety Code Two & half day review

Dates, Class Times and Location:

8 a.m. to 4:30 p.m. on Tuesday, January 10, 2012;

8 a.m. to 4:30 p.m. on Wednesday, January 11, 2012;

and 8 a.m. to noon on Thursday, January 12, 2012

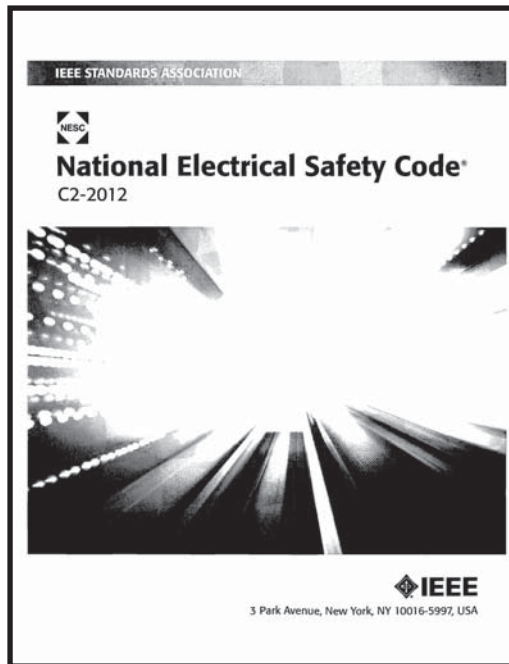

Grand Canyon State Electric Cooperative Association Office

120 N 44th ST, STE 100, Phoenix, AZ 85034

This two-and-a-half-day overview will be led by the always popular Bob Witter, a noted utility expert. He will review the 2012 National Electrical Safety Code. His session will cover the major changes in the Code and include real-life examples to illustrate the reasons behind the changes.

Class Size: The class is limited to 25 participants. Register early to assure a seat in the class. An alternate list will be maintained in the event the class fills.

Required Items: Each participant is expected to have a copy of the new Code as reference during the workshop. This is one of a number of sources for the Code - http://www.techstreet.com/cgi-bin/detail?vendor_id=5194.

Available in book form and on CD, Witter prefers attendees bring the Code in book form.

In addition to the Code, participants should bring paper and pen.

There will be a lunch break and participants will be on their own.

Lodging Suggestions: There is no room block. Visit the GCSECA web site (www.gcseca.coop) and look under the education tab for a listing of hotels located near the GCSECA headquarters.

Tuition: 1) Full Members' Employees - No Cost; 2) Associate Members who have paid the GCSECA Education Fee - No Cost; 3) Associate Members who have not paid the GCSECA Education Fee - \$400; 4)

Non-member governmental - \$500; and 5) Non-member of GCSECA - \$600.
